

FRESNO COUNTY

Schedule a ride today: 1 (800) 227-2345

If you have cancer, you need to go to treatment. That can become difficult. You want to drive yourself, yet that's no longer possible. As much as your family, friends and caregivers try, there are times they just can't drive you to your next appointment. But you must keep going.

The fact is transportation can be one of the biggest roadblocks to cancer care. That is why the American Cancer Society is dedicated to helping you get a ride to treatment when you need it.

The American Cancer Society is partnering with a transportation vendor to use as back up to our Road to Recovery program to increase the number of free rides in **Fresno County**, making it easier for patients to get to the cancer related treatments they critically need.

Patients must be travelling to an appointment for cancer treatment or a follow up after treatment. Other eligibility requirements may apply. For example, a caregiver may need to accompany a patient who cannot walk without help or under the age of 18.

**Road To
Recovery®**

Schedule a ride today. Please call us at 1 (800) 227-2345 a minimum of *three days prior* to the appointment date to schedule a ride.
